

## CAPABILITY STATEMENT

### Company Overview

American Dream Builders, LLC is a logistics, distribution, and disaster-response support company serving commercial and public-sector partners. ADB is built to move product efficiently under normal operating conditions and to adapt rapidly during high-tempo, mission-driven, or crisis environments.

ADB integrates operational logistics management with market-aligned execution, supporting product movement, continuity, and emergency response needs across diverse operating conditions.

### Core Capabilities

- Transportation & Distribution
- Warehousing & 3PL Support
- Logistics Management & Marketing
- Disaster Response & Custom Logistics Projects

### Differentiators

- Adaptive, mission/project-specific execution
- Scalable logistics solutions aligned to scope and urgency
- Experience supporting national distribution and market entry
- Strong compliance posture for government-aligned work
- Responsive coordination across multi-stakeholder environments

### Government & Contract Readiness

UEI: CCXJAJLXK1

SAM.gov: Active

Service Area: Nationwide / International capability

ADB maintains documentation and operational processes aligned with federal, state, and local contracting expectations.

### Past Performance (Representative)

Leadership experience includes:

- National retail product distribution
- Government-aligned logistics coordination
- High-volume and time-sensitive distribution
- Crisis-response and contingency logistics
- Detailed timelines and project summaries are available upon request.

### Teaming & Partnerships

ADB collaborates with prime contractors and strategic partners to deliver responsive subcontract support for logistics, distribution, and staging requirements. Teaming arrangements are structured for clarity, compliance, and performance alignment.
